Dear OM:-

The Technical Committee report for the club's annual report consists of the following:-

Committee members -- J.B. Amstutz, 9AUG and B.J. Chromy, 9CJO, chairman.

The activities of the committee during the season of 1925-1926 were confined to discussions on wavemeters, low loss equipment, vacuum tubes, and crystal control.

Mr. J.B. Amstutz, 9AUG gave some practical information on the operation and mounting of crystals. B.J. Chromy, 9CJO conducted a series of talks and discussions on vacuum tubes and concluded the series with crystal control.

If you desire to revise the information and confine it to less space you are at liberty to do so.

Best 73,

B.J. Chromy
